I accept this nomination as a community representative on the committee.

**My Personal Statement:**

I work for a social sports company who aim to provide affordable sport to members of the public on weekday evenings. We run a number of leagues and fitness classes in and around Clapham Common and actually run touch rugby leagues year round on the Common. We understand that sport should have a place on Clapham Common but should not impact on all areas of the Common. As such I believe it is important to develop sports provision on the Rookery Road courts (which is already in motion) and also to look at the development of the Redgra football pitches bordering the South Circular Road. Other areas of the Common, which are not designated for sport would need to be protected.
